DAY TRIPS

♦ **MADE IN C-BUS** **Cost: $75 ($80 non-residents)**
Wednesday, August 2 **Registration ongoing**

We're always looking for unusual travel destinations for your enjoyment. This time it's a trip to the state's capitol city Columbus, where we will be making 3 stops that are part of the C-Bus Trail. You ask 'what is this?' The "Made in C-Bus Trail" features locally owned businesses, restaurants, shops, and attractions all across the city. We will sample, taste, try, and learn about these small businesses and their owners. Stops include: **Mrs. Turbo's Cookies,** a 50's retro themed bakery that offers gourmet cookies and treats using only the finest ingredients made in small batches to insure freshness. Come learn about the history of the "Whoopie Pie", pick your flavors, and create your own Whoopie Pie. **Glenn Avenue Soap Company**: As a mother of 3, Biomedical Engineer, Dr. Metzler grew concerned about the risks associated with the artificial & harmful ingredients in skincare & soaps, so she put her knowledge of chemistry, biology, & aromatherapy to work and after hours of research produced her first batch of soap. It was an immediate hit. You'll be able to look into their soap lab and see how they produce their soaps by hand using time-honored methods. **Watershed Distillery & Kitchen:** A microdistillery founded in 2010 by Greg Lehman & Dave Rigo, it was the 2nd distillery to open in Central Ohio after prohibition, and Watershed brought to market the first legally distilled bourbon whiskey in Central Ohio. A tour through the facility consists of a walk-through of the distillation process from grain to bottle. Afterwards there will be sample tastings and of course plenty of time to purchase the perfect souvenir bottle to take home. For lunch we will dine at German Village's landmark eatery Schmidt's. The menu will be Schmidt's Traditional German Buffet (Cream Puffs Included) (YUM!). Dress comfortably, bring a shopping bag, and get on the bus to see Columbus (C-Bus). **Depart 8:00 am; estimated return 7:30 pm. Please return a SASE with registration.**
