- Financially best month since at least 2017
- Tri City group met yesterday to discuss the Gemini, no timeline for finished work and still finding issues, so at least another year for their pool to be closed- group did not come up with a finalized plan but discussed a possible per visit compensation to Fairview or opening a specific membership for their current members. Currently we are receiving about 400-500 entries per month, 2800 since the closure. Fairview should have some answer pretty soon. Mayor wants to make sure it is not impacting our members and that the per visit admission to be higher than residents and members. Outdoor pool will not be affected by this. Discussion on going.

- RFP's for Morley Park have come back, decision will be made and should be done no later than August 1st.

- Safety Town- moving forward, 14-17 houses have been built by West Shore Tech, School will paint, met with landscape architect for planning for space. East of the pool without tree removal. Want to give it a winding community feel, with round-about and street crossing.
- Girl's Locker Room- Bob going to Board of Ed meeting to discuss help with the cost. Expand the current bathroom and taking part of the party room. Downfall will that it will be a shared space.
