

REACH Program

OUR GOAL: To eliminate social isolation for older adults living in Rocky River.

Are you feeling lonely? Are you surrounded by people yet feel as though you have no one to talk to?

The COVID-19 Pandemic left many people feeling isolated and disconnected bringing to light an ongoing need for connection.

REACH (River Elder Adult Call for Help) was developed to meet this need.

Call 440-462-1160 to connect with us!

Talk with someone who lives in your community. Perhaps you would like to talk about sports or current events. Perhaps something is troubling you and it would help to have someone listen.

Please REACH out. Leave a message and a friendly volunteer will return your call.
