Addressing the Gap: River Fall Ball

While traditional baseball programs like Little League & Community Travel Ball play a crucial role in nurturing young talent, they primarily operate during half of a standard baseball season. The demand for more opportunities to play beyond this period, especially into the Fall, is palpable. This is where "River Fall Ball" steps in. River Fall Ball aims to address the gap between the regular season and off-season by providing an extended period for players to enjoy the sport they love. This extension happens right in the middle of Summer to ensure a smooth transition between the regular and off-seasons, preventing skill stagnation and burnout. Finally, wrapping up with a HomeRun Derby at the end of September.

All Skill Levels Welcome

The River Fall Baseball League is all about a fun baseball atmosphere, with a competitive edge that develops the player. Whether you're looking for a team sport or to get in a few extra Reps, there's something for everyone in the RFBL. Strategic Rules will be in play to help nurture this concept.
