

QUALITIES OF A VOLUNTEER

It would be impossible to provide the activities, services and programs currently offered at the Rocky River Senior Center without volunteers.

An effective volunteer should exhibit these qualities:

- Be honest and sincere
- Be committed to volunteer service
- Be cooperative with co-workers and staff
- Be willing to accept directions and suggestion
- Adhere to rules and regulations
- Have the physical ability to do the work assigned
- Be well groomed and appropriately dressed for the assignment
- Be gracious and welcoming to the people you come in contact with while volunteering

A life that looks to the needs of others, always finds fulfillment.
